

COMPOUND LF-32

TECHNICAL DATA SHEET

DESCRIPTION:

COMPOUND LF-32 is an excellent heavy-duty alkaline cleaner designed for use in recirculating spray washers. This product was designed to remove very heavy soils or soils containing solids that need to be melted, such as waxes and certain drawing compounds, before removal can be affected.

PROPERTIES:

Appearance:	Off-white, granular powder with a mild odor.
pH (8 oz. / gallon):	12.9 – 13.1
pH (1 oz. / gallon):	12.1 – 12.3
Foaming:	Low at use temperature
Metal Safety:	Safe on ferrous, and cuprous alloys. Will etch aluminum, zinc and their alloys.

APPLICATION:

Normal use concentrations of **COMPOUND LF-32** are 1 to 6 oz. / gallon, and these concentrations may vary depending upon soil type and amount. The user may vary the temperature from 120°F. to 160°F. to achieve that critical balance between cleaning efficiency and energy consumption.

PRODUCT CAUTIONS:

Danger! Causes burns to skin, eyes and alimentary canal. Harmful if swallowed. Contains sodium metasilicate and sodium hydroxide, strong alkaline materials, and 2-butoxyethanol. During use, wear goggles and protective gloves.

EMERGENCY FIRST AID:

EYES & SKIN: Immediately flush with large quantities of cool water continuously for at least 15 minutes. Call a physician. Remove contaminated clothing and shoes. Do not put contaminated clothing and shoes back on. Wash clothing and shoes thoroughly in soap and water; rinse repeatedly in clean water and dry before reuse.

INGESTION: Do not induce vomiting. Give water. Never give anything by mouth to an unconscious person. Call a physician.

INHALATION: Move subject to fresh air and get medical attention.

If use is contemplated for purposes other than, or by methods different from those specifically recommended herein, please contact the manufacturer for advice.

FOR INDUSTRIAL USE ONLY – KEEP OUT OF THE REACH OF CHILDREN.
