

# ULTRA-TRETE 515

## TECHNICAL DATA SHEET

### **DESCRIPTION:**

**ULTRA-TRETE 515** is a cutting-edge electrostatic treatment for use on non-conductive composite materials prior to powder coating.

- Allows the electrostatically charged powder particles to more attracted to the composite piece.
- Provides enhanced adhesion of the cured powder to the substrate.

### **PROPERTIES:**

Appearance:	Clear, odorless liquid.
Specific Gravity:	0.99
pH (100%):	5.0 - 5.5
Metal Safety:	Safe for use on ferrous aluminum and zinc alloys, when used as directed. Pretesting before use is recommended.

### **APPLICATION:**

**ULTRA-TRETE 515** is used neat and applied to the cleaned surface. After drying, the powder is applied and cured per normal.

Contact your Madison Chemical representative for additional details to fit your operation.

### **PRODUCT CAUTIONS:**

**WARNING!** Causes skin and eye irritation. Harmful if inhaled. When handling, wear impermeable type gloves, safety glasses, and other equipment as required to avoid contact.

### **EMERGENCY FIRST AID:**

**EYE CONTACT:** Immediately flush with large quantities of cool water continuously for at least 15 minutes. Call a physician.

**SKIN CONTACT:** Immediately flush with large quantities of cool water continuously for at least 15 minutes. Call a physician. Remove contaminated clothing and shoes. Do not put contaminated clothing and shoes back on. Wash clothing and shoes thoroughly in soap and water; rinse repeatedly in clean water and dry before reuse.

**INGESTION:** Do not induce vomiting. Give water. Never give anything by mouth to an unconscious person. Call a physician.

**INHALATION:** No specific treatment is necessary since the material is not likely to be hazardous by inhalation. If exposed to excessive levels of fume or dust, remove to fresh air and get medical attention if cough or other symptoms develop.

If use is contemplated for purposes other than or by methods different from those specifically recommended herein, please contact the manufacturer for advice.

**IF PRODUCT FREEZES, RECONSTITUTE USING MILD AGITATION.  
FOR INDUSTRIAL USE ONLY – KEEP OUT OF THE REACH OF CHILDREN.**
