

CLEAN-GARD 15

TECHNICAL DATA SHEET

DESCRIPTION:

CLEAN-GARD 15 is an alkaline soak and spray cleaner in concentrated liquid form. It is effective on tenacious soils as such oil, grease, smut, oxidized oil, etc. Its convenient liquid form allows easy dispensing from automatic metering devices. The user will no longer incur the handling problems associated with powders normally employed in heavy duty cleaning operations. Without a rinse, **CLEAN-GARD 15** will impart a corrosion-resistant film to the metal surface.

PROPERTIES:

Appearance:	Clear, amber liquid with a mild odor.
Specific Gravity:	1.06
pH (100%):	10.0-10.5
pH (1% by volume):	9.5 – 10.0
Metal Safety:	Safe on ferrous, aluminum and zinc alloys when used as directed.

APPLICATION:

Spray and Immersion: Dilute in water at 1.0-5.0% by volume at 70-160°F.

Application of **CLEAN-GARD 15** may be followed by water rinsing. Leave unrinsed or add to a final rinse for rust protection needs.

Contact your Madison Chemical Representative for additional details to fit your operation.

PRODUCT CAUTIONS:

Warning! May cause skin or eye irritation. May be harmful if swallowed. Contains triethanolamine, ethanolamine, and dipropylene glycol methyl ether. During use, wear safety eyewear and impermeable gloves.

EMERGENCY FIRST AID:

EYES & SKIN: Immediately flush with large quantities of cool water continuously for at least 15 minutes. Call a physician. Remove contaminated clothing and shoes. Do not put contaminated clothing and shoes back on. Wash clothing and shoes thoroughly in soap and water; rinse repeatedly in clean water and dry before reuse.

INGESTION: Do not induce vomiting. Give water. Never give anything by mouth to an unconscious person. Call a physician.

Keep from freezing.

If use is contemplated for purposes other than, or by methods different from those specifically recommended herein, please contact the manufacturer for advice.

FOR INDUSTRIAL USE ONLY – KEEP OUT OF THE REACH OF CHILDREN.
